

TECH-ARCH-6410: Architecture Reference Document

Department: Architecture

Author: Elaine Shields

Effective Date: 2021-06-19

1. Document Scope and Executive Summary

This reference document outlines the core policies, standard operating procedures (SOPs), and compliance guidelines for the A

The scope of this document includes:

- * Definition of architectural standards and best practices
- * SOPs for designing, developing, and deploying software systems
- * Compliance guidelines with relevant industry regulations and company policies

2. Core Policies and Standard Operating Procedures

2.1 Design Principles and Guidelines

- * Architecture design principles: [list of principles]
- * Architecture style guidelines: [list of guidelines]

2.2 Software Development Life Cycle (SDLC)

- * SDLC overview
- * Phases:
 - + Requirements gathering
 - + Design
 - + Implementation
 - + Testing
 - + Deployment
 - + Maintenance
- * Roles and responsibilities:

2.3 System Integration and Interoperability

- * Definition of system integration and interoperability
- * Guidelines for integrating systems:
 - + APIs
 - + Messaging protocols
 - + Data formats
- * Best practices for ensuring seamless interactions between systems

2.4 Security and Compliance

- * Overview of security policies and procedures
- * Compliance with relevant regulations (e.g., GDPR, HIPAA)
- * Roles and responsibilities:

2.5 Change Management and Version Control

- * Definition of change management and version control

- * Guidelines for managing changes:
 - + Requesting and approving changes
 - + Tracking and documenting changes
- * Best practices for using version control systems (e.g., Git)

3. Compliance Monitoring, Penalties, and Operational Governance

3.1 Compliance Monitoring

- * Schedule for monitoring compliance with architecture policies and procedures
- * Procedures for identifying and addressing non-compliance:
 - + Escalation process
 - + Corrective actions

3.2 Penalties for Non-Compliance

- * Definition of penalties for non-compliance
- * Examples of penalties:
 - + Warning letters
 - + Suspension or termination of privileges
 - + Financial penalties

3.3 Operational Governance

- * Roles and responsibilities for architecture governance:
 - + Architecture committee
 - + Review board
- * Procedures for reviewing and approving architectural designs:
 - + Criteria for evaluation
 - + Timeline for review and approval
