- * **Document ID:** TECH-ARCH-7254
- * **Department:** Architecture
- * **Author:** Debra Garcia
- * **Effective Date:** 2025-07-18

1. Document Scope and Executive Summary

This document serves as a comprehensive reference guide for the Architecture department, outlining key policies, procedures, and standards.

- * Defining the architecture review process
- * Establishing standards for architecture documentation
- * Outlining roles and responsibilities for architects and stakeholders
- * Providing guidance on compliance with regulatory requirements

The executive summary is as follows: This document aims to standardize and streamline the architecture development lifecycle, ensuring consistency and quality across all projects.

2. Core Policies and Standard Operating Procedures

Architecture Review Process

1. **Architecture Design Proposal Submission:** Architects shall submit design proposals to the Architecture Review Committee (ARC) for review and approval.
2. **Architecture Review Criteria:** The ARC shall assess proposals against established criteria, including:
 - * Alignment with organizational goals
 - * Technical feasibility
 - * Scalability and maintainability
 - * Security and compliance
3. **Design Feedback and Revisions:** Architects shall incorporate feedback from the ARC into their design proposals.
4. **Architecture Design Approval:** The ARC shall approve or reject design proposals based on established criteria.

Architecture Documentation Standards

1. **Documentation Templates:** Architects shall use standardized templates for architecture documentation, including:
 - * Architecture Overview
 - * Technical Requirements
 - * Security Considerations
2. **Documentation Review and Feedback:** The ARC shall review and provide feedback on architecture documentation to ensure accuracy and compliance.

3. Compliance Monitoring, Penalties, and Operational Governance

Compliance Monitoring

1. **Compliance Audits:** Regular audits shall be conducted to ensure compliance with architectural policies and procedures.
2. **Non-Compliance Identification:** The ARC shall identify and document non-compliant architecture designs or documentation.

Penalties for Non-Compliance

1. **Warning:** A written warning shall be issued to the architect responsible for non-compliant design or documentation.
2. **Corrective Action:** The architect shall develop a corrective action plan and implement changes to ensure compliance.

Operational Governance

1. **Architecture Review Committee**: The ARC shall oversee the architecture review process, ensuring that all architectural solutions are reviewed and approved.
2. **Architecture Lead Responsibilities**: The Architecture Lead shall be responsible for:
 - * Overseeing the architecture development lifecycle
 - * Ensuring compliance with architectural policies and procedures
 - * Providing guidance and support to architects
